HOW IT WAS DONE.

WINSTON AND PARKER MAKE A VICTORIOUS TICKET.

The Full Proceedings of the Judicial Convention of the Fifth District. (Special Cor. STATE CHRONICLE.)

GREENSBORO, N. C., July 8.—The convention was called to order at 12 o'clock by James Manning, chairman of Executive Committee. Upon roll call of counties, each county was found to be represented. The following committees were appointed:

On Credentials.

Alamance—J. D. Kernodle; Caswell—James H. Wilson; Chatham—H. A. London; Durham—John C. Angier; Granville—A. A. Hicks; Guilford—R. A. Kamepe; Orange—H. P. Jones; Person—W. W. Kitchen.

On Permanent Organization.

Alamance—Dr. R. A. Freeman; Caswell—Dr. J. C. Walton; Chatham—C. R. Scott; Durham—J. S. Lockhart; Granville—W. A. Bobbitt; Guilford—J. A. Barringer; Orange—James Norwood; Person—J. A. Long.

There was no contest, and every county was represented. Person county was allowed thirty votes. The convention's permanent officers were:

Chairman—E. J. PARISH, of Durham. Secretary—E. W. FAUCETT, of Caswell.

Assistants—J. C. Tipton, J. S. Michaux, and all Democratic editors.

Capt. Parrish made a short and ringing opening speech, and nominations were declared in order.

J. A. Long, Esq., of Alamance, placed in nomination A. E. Henderson, Esq., of Caswell, for Judge.

Col. George Williamson, of Caswell, seconded the nomination of Mr. Henderson.

F. H. Whitaker, Esq., of Alamance, placed Judge Womack in nomination in a very strong speech.

The Governor Attacked.

Upon call of Durham, R. B. Boone, Esq., arose to nominate R. W. Winston, Esq., of Oxford, for Judge.

In doing so, he said that he would concede to the Governor the right to discuss the constitution, and to attend banquet and that he respected his appointments, but that he was a man and would ask the Governor to stand aside when it came to vote "This Convention is not here," he said, "to act as children, but as men with a grave responsibility."

It was a bright speech, and very spicy, as may be imagined.

The Governor Defended.

Mr. H. A. London, of Chatham, seconded the nomination of Judge Womack "in behalf of all the people of Chatham county." In doing so he said that he had no reflection to make upon any gentleman, but that he protested against the tirade made by the gentleman upon the Governor. He had no defense to make for the Governor. The Governor ought not to need any defense in a Democratic Convention. [Local applause followed this utterance.]

It was a custom in North Carolina to nominate the man appointed to fill a vacancy if he was worthy and competent. He declared that it would be a great wrong to fail to nominate Judge Womack. Nothing can be brought against him. He gave a sketch of Judge W's life—said he was a self-made man, and that during his term as Judge not one man could be found who had heard a single objection to Judge Womack as a man or as a Judge. It was a strong and powerful speech.

Messrs. A. S. Pease, of Granville, and James Norwood, of Orange, seconded the nomination of Mr. Winston.

Mr. J. A. Barringer nominated Mr. Levi M. Scott, of Guilford.

How the Vote Stood.

The balloting was begun and resulted as follows:

The secretary was ordered to notify Mr. Winston of his nomination by telegraph.

The Solicitorship.

J. W. Forbis, Esq., of Guilford, placed Capt. E. S. Parker, of Alamance, in nomination. There was no opposition and Captain Parker got every vote in the convention.

Captain Parker was sent for, and he thanked the convention in a patriotic speech, promising to make a vigorous and earnest campaign.

WILLIAMS AND VICTORY.

The nomination of Mr. A. H. A. Williams, of Granville, by the Democrats of the Fifth District means that the Democrats intend to redeem the district. Mr. WILLIAMS is well known throughout the State as a patriotic, progressive, and public spirited citizen. Whatever will advance the material interests of the State finds in him a staunch and earnest advocate. He has ability, he has vim, he has the genius of success. He has undertaken many enterprises and carried them all to a successful completion. He will beat Brower.

Mr. WILLIAMS is a life-long Democrat and comes of a family of staunch Democrats. He has always been an active party worker, and his services have been ever at the disposal of the party. He served in the House in 1885, and then Granville gave a good Democratic majority. He is an efficient campaigner, and will go into every school district and present his claims and the issues of his party. There is walking ahead for Mr. BROWER.

THAT IS THE WAY TO TALK.

(Rural Home, Alliance paper published at Winston.)

Read SENATOR VANCE'S letter in this issue (in which he shows that he will do what he can for the farmers, but cannot support the Sub-Treasury bill.) Read it carefully. It is a noble letter from the greatest of American statesmen. God bless our "Zeb" and give him life and strength to carry out for his people his truthful utterances. In war and in peace he has stood by his people and by and for them we believe he will be found battling for their rights as long as life lasts.

MORGANTOWN, N. C., July 9.—The following resolution was passed by the Burke county Democratic convention:

"RESOLVED, That Chief Justice A. S. Merrimon, Associate Justice Walter Clark, and Judge J. G. Bynum, enjoy and deserve the confidence of the people, and have, by their ability, learning, devotion to duty, and high moral characters, shown their fitness for the position that they now hold, and therefore the Democratic party of Burke deem it unjust, as well as impolitic, to select untried and unknown men in their places."

POLITICAL GOSSIP.

Dr. Cyrus W. Thompson, of Oaslow, has announced himself a candidate for Congress in the Third District.

Pender county instructed its delegates to vote for Hon. C. W. McClammy for Congress and Hon. E. T. Boykin for Judge.

There are three candidates for the Senatorial nomination in McDowell county—Messrs. A. J. Dula, Joshua McCurry and Dr. Reid.

It is announced that D. H. McLean, Esq., of Harnett county, who it is thought was out of the race for Congress, "is in the hands of his friends"—Fayetteville Cor. Robesonian.

We are requested to state that the paragraph in the papers to the effect that Chatham county is for Stroud is not strictly correct. In the convention the vote stood: Stroud, sixty-one eighty-sixths; Bunn, twenty-five eighty-sixths. Mr. Bunn gets nearly one-third of the county, as the above shows.

WILLIAMS NOMINATED.

HE WILL DEFEAT "BRER" BROWER FOR CONGRESS.

The Convention was Harmonious, and the Nomination was Made on First Ballot. (Special to STATE CHRONICLE.)

GREENSBORO, N. C., July 9.—There is a large delegation here from all the counties of the Fifth Congressional district. It is a body of strong and earnest Democrats who are determined to redeem the district from Republicanism and Browerism.

The Person county delegation missed the train and it was feared could not get here, but COL. JOHN S. CUNNINGHAM telegraphed for a special train and they came in on time at 6 o'clock this morning.

The train from Mt. Airy was literally loaded with delegates. Every county was represented by a full delegation. The following are the counties in the district, and the vote of each:

Surry	34
Stokes	27
Forsyth	47
Guilford	49
Rockingham	48
Caswell	27
Granville	48
Person	30

Total.....310
Necessary to a choice, 156.

The candidates, Mr. A. H. A. Williams, of Granville; Mr. J. C. Buxton, of Forsyth; R. R. King, of Guilford; and David Settle, of Rockingham, are all here. I cannot learn what Guilford will do. It seems to be a foregone conclusion that Williams will be nominated on the first ballot. The very best of feeling prevails.

WILLIAMS NOMINATED.

GREENSBORO, N. C., July 9, 2:55 p. m.—A. H. A. Williams, of Granville, was nominated for Congress on the first ballot. The vote stood:

A. H. A. Williams	213
David Settle	98

J. C. Buxton, Esq., withdrew before the voting began and Mr. King was not in the race, as was expected.

Good feeling prevails and strong speeches were made by Mr. Williams, the nominee of the convention. He will make a vigorous campaign in every township of the district.

Able and earnest and patriotic speeches were made by C. B. Watson and J. C. Buxton, of Winston; Col. David Settle, of Rockingham; and Jas. T. Morehead, of Guilford. The old fifth will be redeemed.

Hancock in his usual modest, though happy and graceful style.

Prof. F. P. Venable, of Chapel Hill, in the interest of Pharmacy Department of the University, and Col. John B. Parrcell, representing the Virginia Pharmaceutical association, are attending this meeting of the association.

The good work done by this association and the Board of Pharmacy is telling, and the interest and attendance among the members is greater than ever before.

HIRED A NEGRO TO KILL HIS WIFE.

The Scoundrel in Jail—Lightning Work—Primary Election—Population—Other News Notes. (Special Cor. of STATE CHRONICLE.)

SHELBY, N. C., July 8.—R. G. Collins, formerly of this county, was arrested by Deputy Sheriff B. E. Hamrick on Sunday, charged with being accessory to the murder of his wife.

About two weeks ago Collins moved from near Grover in this county to Plainville, Gordon county, Ga. He and his wife did not live together peaceably and it is said he recently told her they would not live together much longer. On Thursday a negro who had been employed by Collins, drew a pistol, while in the room with Mrs. Collins, and after flourishing it around, shot Mrs. Collins, wounding her so badly that she died in about two hours. Collins was about fifty yards from the house when the shot was fired and rushed in exclaiming that he knew the negro had shot his wife accidentally. The negro was allowed to escape by Collins, who sent after a coffin before his wife died. Collins brought the remains to his old home near Grover, where they were buried on Saturday, on which day Sheriff Hamrick received a telegram from the Sheriff of Gordon county, Ga., to arrest Collins for the murder, which was done as stated above.

The negro was arrested on Sunday and has made a confession in which he says that Collins was to pay him \$50 as soon as the deed was done. Collins is in jail here awaiting the requisition papers from the Governor of Georgia. He refuses to say anything up to the time he left this county. Collins was engaged in running a distillery and has been before the United States court many times for violations of the revenue laws.

COLLINS TALKS. The Atlanta Journal says: SHELBY, N. C., July 8.—Rufus G. Collins is still in jail here. Representing The Atlanta Journal as per telegraphic instructions, I called upon him this morning. He is awaiting a requisition—that is, the officials of the law are. In a talk with me he claims his innocence. He says the killing was purely accidental, at least that he so understood it.

The Prisoner's Statement. Collins makes this statement: "I am not uneasy about my trial. After the excitement, which I learn from the newspapers is intense, I will return to Georgia. The statements that I have made were made under the excitement which followed upon the shooting of my wife. I was near the house and heard Mrs. Moore's screams. I, then, talked a little too much. I will not now say anything further."

Has the Negro Lied? In addition Collins said: The negro's statements, as published in the Atlanta Journal are not true. He will tell the truth at the trial. I never saw him. The pistol belonged to Phil Moore, my distiller. I never had a pistol."

Saturday night just after 10 o'clock lightning struck the frame store house of B. R. Willeford, at Kings Mountain, setting it on fire. The fire communicated to the adjacent buildings and destroyed the millinery store of Mrs. Beatty, and the grocery stores of R. R. Howser and R. T. Cansler. Mrs. Beatty and Messrs. Howser and Cansler saved some of their goods, but Mr. Willeford lost everything. The loss is about \$7,500. No insurance.

SOME "BRASH" TALK.

"THE U. S. AND GREAT BRITAIN MAY ONCE MORE TEST THEIR STRENGTH."

And About the Sealing Business—England Will Protect Canada Against The U. S.—What Will Mr. Blaine do? (By United Press.)

OTTAWA, Ont., July 9.—A special meeting of the cabinet was held here yesterday afternoon. It was called for the purpose of considering the critical turn affairs had taken with regard to negotiations in connection with the Behring sea difficulty. A member of the cabinet said to-night that the report that negotiations had broken down, was untrue as they were still going on. As to their nature he could say nothing beyond the fact that the government still had hopes that some understanding would yet be reached. The government have great apprehensions that serious complications may yet arise before a settlement is reached. The British government have informed the Governor-General that they will stand by Canada, and protect her sealing vessels in Behring sea from seizure by U. S. cruisers, as the fleet now congregating at Victoria has to be dispatched for that purpose.

Sir John Thompson, Minister of Justice, arrived in London yesterday and will at once confer with the British government on the subject.

An officer of the government said yesterday that the United States authorities believed that they could do as they liked, as England would not interfere. Now that England has taken a stand and concentrated the largest fleet at Victoria that has ever been on the Pacific, it remains to be seen whether Secretary Blaine will hold to his intention as to the United States' jurisdiction in Behring sea, and seize Canadian sealers in face of the stand Great Britain has taken. Less provocation, he said, has often precipitated two friendly nations into war, and if the United States do not recede from the arbitrary position they have assumed, history may again repeat itself, and the United States and Great Britain may once more have occasion to test the strength of their naval and military forces. The first seizure, it is believed, will be the signal for a formidable protest from Great Britain.

THE NATIONAL CONGRESS. Mr. Daniel Speaks to the Senate on the Silver Bill—A Relief Bill and the Behring Sea Matter in the House. (By United Press.)

WASHINGTON, July 9.—(Senate)—In the Senate to-day the Silver Bill was discussed. Mr. Daniel, Mr. Cockrell and others spoke.

Mr. Daniel's said that he did not agree with some of the criticisms of the language of the bill. He regarded it as a silver victory, but still he was not prepared to vote for it. The bill discriminated against silver because it would pile up seventy thousand dollars worth of the metal every year in the treasury, not a dollar of which could be coined to pay the government bonded indebtedness. It was inevitable that Congress and the Executive should come into collision on silver, and why not have the quarrel now?

House. WASHINGTON, D. C., July 9.—In the House the conference report on the bill appropriating \$75,000 for the relief of Albert H. Emery was called up, and after several roll calls the report was agreed to.

Mr. Hill, of Illinois, reported back a resolution from the committee on foreign affairs, requesting the President to furnish the House with correspondence between the United States and Great Britain touching the Behring sea question since March 4th, 1889. The resolution was agreed to.

SOME COLORED KICKERS. They Declare Against the G. O. P.—And are Working to Get a Great Colored Convention. (By United Press.)

CHARLOTTE, N. C., July 9.—John H. Williamson, a leading negro politician at Raleigh, has sent out letters to leading negroes all over this State, agitating a call of a race State convention at Raleigh in August. The letter was sent to a prominent negro here who endorses the scheme and says that many negroes here agree with him. The letter says the appointing power of the national administration has discriminated against our race; the same power has attempted to degrade our prominent men by putting them in menial positions, and the attitude of white Republican leaders towards our race is such as to indicate that they no longer desire our support, except as servile tools.

CAUSED BY PAIN SMASHUP.

(By United Press.) BIRMINGHAM, Ala., July 9.—Five orders caused a collision between freight and a passenger train on Louisville & Nashville railroad, forty miles south of this city, at 6 o'clock this morning. Five people were instantly killed; six fatally injured. The killed are: Engineer John Green and John Webb, of this city; colored firemen Jim Armistead and Bob Wilson, and a white pumpman named Parr. Ben Swope, (colored) an extra fireman, was fatally injured. None of the passengers were killed, and so far as can be learned, none were seriously injured. The passenger train had orders to take the siding at Clear Creek station for the extra freight. The order was not obeyed and a mile beyond the station the trains came together in a deep cut. Both engines were broken to pieces and it will take all day to clear the track.

OLD BOODLERS.

They are Seeking to Quash the Indictments Against Them—And are Giving \$40,000 Bonds. (By United Press.)
